

Queenstake

A subsidiary of Yukon-Nevada Gold Corp.

CONTRACT GEOLOGIST POSITION

Queenstake Resources USA, Inc., a wholly owned subsidiary of Yukon-Nevada Gold Corp., has an immediate need for Contract Geologist position at our Jerritt Canyon Mine located north of Elko, NV.

Listed below is the job description for the vacant Contract Geologist position at the Jerritt Canyon Mine.

1. The Contract Geologist will be responsible for helping supervise drill rigs, construction of drill pads and access roads (supervise earth moving contractors and/or land surveyors), visiting proposed drill sites with governmental regulators, possibly helping with proper drill hole plugging (abandonment) and/or reclamation; and other duties as assigned.
2. The Contract Geologist will also be responsible for logging RC holes (and possibly some core) at the mine site to be done in between drill rig setups.
3. This person will need to be physically fit, have an attention to detail, work in a safe manner, and be able to lift up to 60 pounds (drill hole samples and core boxes).
4. This person will need to have a valid driver's license and feel comfortable driving on narrow drill roads.

It is preferred that applicants seeking the Contract Geologist position have prior work experience with supervising and/or planning RC and/or core drill holes, and geological logging of RC and core drill holes. The Contract Geologist will need to possess current (and show proof) of \$1 million of General Liability Insurance (Comprehensive) and \$1 million dollars (per occurrence) of Automobile insurance. Current MSHA open-pit certification training will be necessary and will be provided by the company. This position will start on or near August 1, 2010 and be for a minimum of 3 months (with the possibility of extending into the end of the year). Please contact the Jerritt Canyon HR Department below if you are interested in applying for this position.

Yukon-Nevada Gold Corp. is a North American gold producer in the business of discovering, developing and operating gold deposits. The Company holds a diverse portfolio of gold, silver, zinc and copper properties in the Yukon Territory and British Columbia in Canada and in Nevada in the United States. The Company's focus has been on the acquisition and development of late stage development and operating properties with gold as the primary target. Continued growth will occur by increasing or initiating production from the Company's existing properties. Queenstake Resources USA Ltd. is a wholly-owned US subsidiary of Yukon-Nevada Gold Corp.
